Mr. S Piraviperumal Pillai : It is stated in part (*c*) of the answer that the production varies from day to day due to the experience gained by the workmen in the manufacture. That is why I want to know how much they were able to produce on the first day and how much they are able to produce now as a result of their experience.

President : According to the official member, no article can be finished in a day, so that it is difficult to say how much was finished on the first day.

Mr. S. Piraviperumal Pillai : How many days does it take for them to manufacture a motor tyre ?

Mr. C. Kumara Das : We do not manufacture motor tyres.

Mr. S. Piraviperumal Pillai : How many days do they take to manufacture one cycle tyre, one cycle tube, one garry tyre, one rubber hose, one rubber tube, one rubber sheet ... ...

President : All together, or each separately ?

Mr. S. Piraviperumal Pillai : Each separately.

President : I do not think one can carry all that in memory. Can you give the information ?

Mr. C. Kumara Das : No, Sir, I claim notice.

Mr. S. Piraviperumal Pillai : When they made their first entry in their stock register, how many cycle tyres, how many cycle tubes, how many garry tyres, how many ... .

Mr. C. Kumara Das : It is a long list, Sir. Shall I read it ?

President : Supply a copy.

Mr. S. Piraviperumal Pillai : What was the percentage of increase noted during each month ?

Mr. C. Kumara Das : I claim notice. It has not been calculated.

Mr. S. Piraviperumal Pillai : May I know whether after all, the workmen have gained any real experience at all ?

Mr. C. Kumara Das : They are gairing experience.
